## COUNTY SCHOOL NEWS

Next scholastic year the schools of the county will be classified according to averages made this scholastic year and only the number of teachers will be permitted employed that the averages warranted for the term average this year. Enrollment does not mean anything. What really counts is the average daily attendance. So this year's daily average attendance will determine the number of teachers to be employed for next year. Before making contracts, give this important matter due consideration. There will not be any chance to change the required averages for next school year.

A few years ago we began our schools in January or February and had to wait until the end of the year or the first of the next year to get the money with which to pay for the teaching done either in the late winter and spring, or, in some cases, in mid-summer until the year following for pay for such teaching. As times changed our farm products from sea island cotton to that of upland cotton, we gradually changed our school year from January or February to December, November and October, and then such change made it necessary for an even longer wait for the money to come with which to pay for the teaching backed up in the year before the funds were apportioned with which to pay for the teaching thus permitted. Even now we begin our term of school three or four months before the year the funds are apportioned. For instance, we will soon close our 1927 school year in full. We call it the 1926-27 term, but really we are closing our 1927 school year. We get further ahead with our school year in practice and further behind our school year in the matter of finances. We are forced to borrow the money of our 1927 budget which will be paid sometime, we never know when. The item of interest is a big one. This year for the first time a big part of the interest is being paid by the state, but the state borrows only in sections of fifteen per cent, which really does us but little good, because we have to borrow in larger blocks to be able to meet our monthly payrolls as we do. The only way we are to ever get even with the game will be to leave off the fall term entirely and catch up with the state apportionment for our county. This is true with all counties in the state. Emanuel county has stopped for a year and caught up the slack, and in that county they can pay as they go without borrowing money with which to operate. We feel that we can't afford to force the children to miss a grade by doing this, so we have only one way to do, and that is to stay behind and continue to borrow and pay interest on the long loans as we have done for many years. This school year is the hardest we have had in many, due to the slow payment of taxes. We feel that most people have been able to do in regard to the payment of taxes, because last year's crops brought but little money with which to pay notes, taxes and other necessary accounts. You must know that we can do no more than our citizens make us able to do, and that we can pay no further than our tax money will go. With taxes unpaid, we are left without funds. With them paid, we are enabled to meet promptly our obligations. That is simple and easy for us to comprehend. If you don't happen to be pleased with what we are able to do, take a little time to give thought to the above facts and if you are fair-minded and not a chronic groucher, you will have less to say about things you are not willing to comprehend and understand. You have been advised all along about these matters and you know as well as we know how we stand.

The Bulloch County Teachers' Association met in regular monthly session in the court house auditorium on Saturday, March 5th, and finished the program of the meeting held the 5th of February, as follows:

Devotional—Prof. D. H. Gilliam.

Shall the School Have a Page in the County Paper?—Miss Frenita Olliff.

Discussion of Field Day Program—Prof. Mathews.

Special Days—Prof. D. H. Gilliam. The meeting was well attended and a fine spirit was manifested throughout the entire program. This was the last meeting for the school year.

A unanimous vote of thanks by the Bulloch County Teachers' Association for the fine spirit of co-operation of the faculty of the Georgia Normal College was passed in the form of a resolution. Professors Mathews and Wells have been of excellent help to our organization.

The regular state examination questions for the seventh grade will soon be sent to the principals to be given the students of the seventh grade to determine whether or not these seventh grade students are to be pro-

noted to high school next year. Citizens of the county, I wish to have you give thought to the following facts which were compiled for the state department of education in our annual report to that department.

Term of 1925-26 we enrolled in the several grades the number of children below indicated: First grade, 1152; second grade, 445; third grade, 223; fourth grade, 533; fifth grade, 433; sixth grade, 397; seventh grade, 373; eighth grade, 223; ninth grade, 143; tenth grade, 70; eleventh grade, 29.

Notice how inconsistent the grades run and what a large per cent of the children of the county are in the first grade. The second grade has only about 40 per cent of the enrollment of the first grade. Year after year we have an increased enrollment in the first grade without an increased attendance in the second grade. Study the figures on down the grades and you will see how they vary when there should be about the same number in each grade each year. There must be a more nearly even number enrolled in the several grades if we are to be as efficient as we wish to be in our school work in the county. There were four hundred and sixty-five students enrolled in high school. This is considerably greater than we have ever had before. Next report will show even a greater enrollment in high school.

This month will end the school year and the registers, monthly and annual reports will have to be filed in this office in the proper condition before the last month's salary can be paid. If you want your last month's pay, be sure to check your register and see that it is in condition to be brought in for permanent record, fill and file your weekly and monthly reports, and, lastly, a complete annual must be filed before we will pay any one a final check. The state demands this, and it will not mean a hardship on any teacher to comply with this. The quicker you do this, the better you will fare. Fail to do all of these and embarrass us here at the office and deprive yourselves of your salary until the work has been done correctly. Don't feel that your local treasurer will pay you just as he has done in the past. If he does, it will hold up his regular check just the same. We must have all of these before we can legally pay you for your last month's teaching. Get busy on your register and get them in good condition before you bring them in. This is for schools that will operate only six months this year. The same will apply to those schools that will have longer terms, when they do close.

In the finals of the county basketball tournaments, Nevils girls won the county championship game over Denmark and the Eva boys won 50 the boys' junior high tournament over the Nevils boys. Nevils won first place in the girls' tournament and second in the boys' junior high tournament.

After the county has operated six months' public term, the extra time paid for by the citizens of a school district is absolutely under the management of the trustees of the respective school districts. All citizens who patronize these schools that operate longer than the public term will have to abide by the rules and regulations of the trustees in charge of the school where a longer term is being operated. Without the money on which to operate, they cannot go on as they have planned. Therefore no citizen has a right to participate in the extra time without sharing his proportionate cost of the longer term.

It is sincerely wished that we may become able to have a free school for nine months at some time in the near future, but until we have means with which to operate nine months, or any term longer than the regular public term, we will have to do as we have always done, pay the cost of the extra months. And it is every man's business to share this extra cost or either cease to participate in the school that is being operated at the cost of the citizens who do make this extra time possible. It is easy to understand that your trustees cannot operate a term longer than you are willing to support by the payment of the tuition necessary for the operation of the added months. Such is done all over Georgia. There is no other way.

B. R. OLLIFF, Supt.

## PICKED UP ABOUT TOWN

"It is not the overhead but the underhand that hurts the bootleg industry," says Joe Tillman.

"An apple a day may keep the doctor away but it has no effect on a bill collector," says Sid Parrish.

Albert Deal says that when a fellow has a big family on his hands it's a poor time for him to keep his hands in his pockets.

Reading that autos in the future will run on coal, Percy Averitt wants to know about those that are running on time.

"What troubles me," says J. E. McCroan, "is what's going to become of horse sense when the auto drives away the last horse."

"Doctors are warning Americans to cut down on their drinking. As there is entirely too much cutting up," says Jack Murphy.

"The best way to live," says Dr. Mooney, "is so that everybody won't think your wife poisoned you if you happen to die suddenly."

"A Washington City man claims his dog knows how to smoke. Better watch out or he will be learning to cuss," warns Sam Boroughs.

Dr. Crouch says that it has been his observation that a man's eyesight never gets so bad that he can't see a pretty woman at least a block away.

Judge Strange says he has observed that a woman will hang onto any kind of a husband as long as she thinks some other woman wants him.

"Some of these folks who are trying to reduce their flesh," asserts Fred Fletcher, "don't succeed in reducing anything but their pocket-books."

## Slats' Diary

(By Ross Farquhar.)

Friday—The more I see of foken with has been married to each another why the funnier it seems why they should go and get married to each another. Tonight we was talking about husbands and ect. and Ant Emmy sed her husband never give her oney two things in all his horn life. He give her a wedding ring and never give her nothing else until he dyed and then he give her kinda of a shock because it was heart trouble.

Saturday—In hard for every one to get ahead of Sandy MacDonald. Today Doc Schlummer had a flat tire. He is the dentist here. Sandy fixed it for Doc and after he was threw fixing the tire why Doc sed. Sandy I am much a bilged to you and if I can ever do any thing for you I will be glad to do it to this afternoon Sandy went up and had him pull a good tooth and was bragging how hard he made Doc work to get it out.

Sunday—Went to Sunday school today and put in my nickel just like the rest of the fellows did all but Oscar. He only had 2 cents and he put 1 of them in and sed he was saving up the other 1 to by chewing gum after Sunday school. We all call him Car Window. He is so tight.

Munday—Today was the preachers berth day and pa tuk him a nice new Bible. He only had 2 cents and he put 1 of them in and sed he was saving up the other 1 to by chewing gum after Sunday school. We all call him Car Window. He is so tight.

Tuesday—Jakes ma was terrible sick today and they sent for the doctor and he was out of town so she got well.

Wednesday—Pa finished a novel he was reading tonite and ma sed Did it end happy and pa sed Well it looked like it was going to but they went and got married in the last chapter.

Thursday—Had a party here at house tonite and when the kids had left Ant Emmy sed time had got on since she was a girl. She sed she cudden understand the manners of the younger Degeneration.

Should County Schools Have a Page in County Paper?

My experience as a teacher is limited, and what I may say will have to be based on what I feel can be accomplished by such school news as would be furnished a school page. I feel the publicity in a modest and straightforward way will result in good.

First: A school page would bring the schools into closer touch with each other.

a-So that location, at least, may be known.

b-So that the teachers may better know each other.

Second: What this page should contain.

a-A brief account each week of what the school is doing in literary work, athletics and general activities.

b-Discussion in series of how each subject is dealt with and taught to the best advantage, so that others in the county may get some suggestions that would help them to do better work.

c-A question box with answers in the following issue.

d-Subjects given for composition, essays, poems, etc. These to be written by students of various schools and to be culled by the editor or some one, and the best published at least once a month.

e-Occasionally a discussion regarding discipline by the older and most experienced teachers.

f-The work of the parent-teachers' association. Define its scope and outline their accomplishments.

Third: The result of a school page.

a-Rivalry in the form of competition to show development and general accomplishments.

b-Will create a desire to have a school equal to the school of nearby neighbors.

c-A school page will reveal a community's interest or lack of interest, and will be a stimulus to the indifferent sections that will cause them to strive to be up with the more progressive districts.

d-A discussion of ethical athletic relations will create a better spirit of tolerance; will tend to prevent offensive rooting or boosting by the fans when an athletic event is being held.

e-The spirit of fellowship and comradeship in teaching organization of a great county like Bulloch among its teachers would be the result of better understanding of each other's problems. When we know about them, we can better solve our own.

## NOTICE OF SALE

Whereas, Mary E. Graham of Bulloch county, Georgia, by her warranty deed dated December 30th, 1925, and duly recorded in book 79 at page 146-7 of the land records of Bulloch county, Georgia, conveyed to L. J. Cullen the following described real estate in Bulloch county, Georgia, to-wit:

A tract in the thirteen hundred and fortieth (1340th) Georgia militia district, bounded on the north by lands of E. A. Denmark, on the east by lands of E. A. Denmark, a branch being the dividing line, and on the west by lands of J. M. Denmark, and more particularly described by metes and bounds on a plat made by J. E. Rushing dated May, 1920, attached to a deed made by J. B. Byrd to Pearsons-Taft Land Credit Company dated June 30th, 1920, and recorded in book 62 at pages 161-3 of the land records of Bulloch county, Georgia, the premises conveyed containing 110 acres, more or less.

To secure the promissory note of said Mary E. Graham for the sum of five hundred dollars, payable in installments, and in said deed provided that in event of the default in payment of any installment of said note, said L. J. Cullen might declare the unpaid balance thereof at once due and payable and said land for the payment thereof.

Whereas, the installment of said note due October 1, 1926, was not paid when due and is still unpaid and said L. J. Cullen has declared the entire unpaid balance of said note now due and payable; and by virtue of the power and authority in him vested by said warranty deed will proceed to sell the above described real estate and appurtenances thereunto belonging at public sale to the highest bidder for cash, the door of the county court house, in the city of Statesboro, state of Georgia, between the hours of 10:00 o'clock a. m. on the 16th day of March, 1927, for the purpose of paying said indebtedness and the costs of said sale.

As provided in said deed, said sale will be subject to the rights of the holder of that certain principal note for the sum of fourteen hundred (\$1,400.00) dollars, described in and secured by that certain warranty deed recorded in book 62, pages 161-3 of the land records of Bulloch county, Georgia.

In witness whereof, said L. J. Cullen has caused these presents to be signed and sealed this 9th day of February, 1927.

L. J. CULLEN. (Seal)

Notice to Debtors and Creditors. GEORGIA—Bulloch County.

All creditors of the estate of J. C. Williams, late of Bulloch county, deceased, are hereby notified to render in the r demands to the undersigned according to law, and all persons indebted to said estate are required to make immediate payment to me.

February 3, 1927.  
S. L. WILLIAMS, Admr. Estate J. C. Williams, Dec'd. (10feb04)

## AMUSU THEATRE

MOTION PICTURES

Statesboro, Georgia

CHURCHES, WILL YOU HELP?

THURSDAY and FRIDAY, March 10-11

"THE TEN COMMANDMENTS"

In the cast, Richard Dix, Rod LaRocque and Beatrice Joy. Story by Jeanie McPherson. A Cecil B. De Mille production. This is Biblical and modern drama, the theme of this picture argues that "The Ten Commandments" are not rules to obey as a personal favor to God; but that they are the fundamental principles without which mankind cannot live together. This picture is being presented as a benefit play for the Woman's Club. This is the second showing of this picture in this city. But this time it will be shown in a first-class manner, the details of the plot and the beauty of the picture will be brought out in a manner that will be amazing to the fans. The price is now in reach of all and we hope that all the good people will come out and see this picture.

A SEQUEL TO "THE SHEIK"  
SATURDAY and MONDAY, March 12 and 14  
"THE SON OF THE SHEIK"

In the cast, Rudolph Valentino and Vilma Banky. From the story by E. M. Hull. A George Fitzmaurice production. Romantic Rudy, Vibrant Vilma, together they make "The Son of the Sheik." Rudy with fire in his heart, love in his eyes, magnetism on his lips, is as refreshing as an oasis in the desert. There's drama as surprising as a desert thunderbolt. Action as speedy as the steed he rides, and he loves as only "The Son of The Sheik" could love. Speaking of "sheiks," wise Solomon had a thousand wives. The sheik is like Wise. Asbestos is not made in Arabia any more than marriages are made in heaven. And up-to-date sheiks kiss and never tell; but lipstick does. It is true sheiks break hearts, but women shop for heart-breakers. The sheik's love making has one rule, he who hesitates is bossed. Extra comedy, "ISN'T LOVE CUCKOO?" If you are a sheik you should know.

ROMANTIC DRAMA  
TUESDAY and WEDNESDAY, March 15-16  
"IT MUST BE LOVE"

In the cast, Colleen Moore and Jean Hersholt. Adapted by Julian Josephson from the Saturday Evening Post story "Delicatessen," by Brooke Hanlon. An Alfred E. Green production. When a girl's daddy says NO and the girl's heart says YES, you know it must be love. Colleen says she is puzzled, she can't decide what is her trouble. She says: "I can't eat, I can't sleep, I don't wanna walk, I don't wanna talk, I know I'm not lazy, I hope I'm not crazy; Every thing seems rosy red, this blamed thin ghas gone to my head; It has me whizzing, it has me dizzy; I put salt in my coffee, pepper in tea, oh, gosh! I wonder what'll become of me. I don't know what's the matter, this heart of mine goes pitter-patter." Resolved, Just what I thought. Oh, now I know, "It Must Be Love" and PATHE NEWS No. 19.

Director, P. G. WALKER

CLUB BOYS AND GIRLS  
HAVE HELPED FARM LIFE

In reviewing 4-H club work all over the ten-year period, 1914-1924, following the passage of the Smith-Lever Act, it is clear that the 5,000,000 farm boys and girls who have been engaged in 4-H club work during this time have made a genuine and substantial contribution to the improvement of American farm life.

These boys and girls have not only enrolled for many different kinds of farm and home activities. A very large percentage of them have completed all phases of the projects undertaken, and have accordingly received efficient training for later life, and been fitted to act as leaders to other boys and girls, and to take their places as progressive rural citizens.

The enrollment of girls has been somewhat larger than that of boys. In 1924 about 58 per cent. of the total number of club members, or about 300,500 were girls. They were interested in such projects as club house construction, food preservation and preparation home management, gardening, poultry, dairy and home improvement work, both inside and outside. Almost 210,000 boys were enrolled in one or more club projects in 1924. This represented a considerable growth of membership over the previous year. The demonstration projects undertaken were limited only by the problems of the farm itself.

Corn, potatoes, cotton, and other crops, poultry, pigs, dairy and beef cattle and other livestock, were the types of club work chosen by the greatest number of boys.

The money value of the club production of these boys and girls has been more than its cost, leaving a liberal margin for the club member's labor. Nevertheless, the educational influence of the work in establishing better farm and home practices is regarded as its main value.

After outlining in Miscellaneous Circular 85-M, the various club activities in detail, George E. Farrell, of the Office of Co-operative Extension Work, points out that there are about 11,000,000 rural boys and girls between the ages of 10 and 18 in this country. Nearly 3,000,000 of these, chiefly between 14 and 18 years old are not in school. This is an average of about 960 per county. These boys and girls are greatly in need of farm and home preparation for life through public agencies. The 4-H club system is a most helpful agency for this service. When it is sufficiently manned with trained leaders it can reach a great many in this large group of young people who are out of school, as well as a great many who are in school.

The boy who is wishing summer would hurry up and come has probably forgotten that there'll be weeds to cut.

An exchange says "Americans are building houses fast now." Sure they are. That's the way they're living.

Another mystery is why no one can put your hat on your head so it will feel as if you had put it there yourself.

The increase in holdups throughout the country indicates that the war profiteers have gone back to their regular jobs.

Imagine how silent the world would be if China, Mexico and Nicaragua were to quit their scrapping and behave themselves.

Two of London's biggest distillers are touring America. Maybe they are studying the country's methods of merchandising.

Great Britain has stricken the word "obey" from the marriage vow. And come to think of it, it really doesn't mean much.

Pleasant days will soon be here. Then a fellow can take a motor trip and come back knowing how to appreciate the old home town.

What a lot of time some fellows would have to devote to their own business if they didn't spend so much of it attending to other people's.

Some cater polities to leave footprints on the sands of time. Others are lucky if they get off without having their finger-prints taken.

Ever notice that when a man wins a bet or makes the best guess in a contest he never gets through talking about his good judgment.

If Henry Ford puts his new calendar idea into effect we'll have Monday, Tuesday, Wednesday, Thursday, Payday, Playday and Scatterday.

It has gotten so in the city that every time a fellow gets too much moonshine he goes around to some dance hall and invents a new dance.

Uncle Sam says there are 39 diseases attacking early vegetables, but every housewife knows that her neighbor's chickens are worse than any of them.

What makes some men sore is to think of all the money they would have to spend on themselves if they didn't have to give the wife some of it to run the house on.

J. M. BURGESS

Chiropractor

**PERSISTENCE IS NECESSARY**  
In going after that very desirable necessity, good health, it is as necessary to be persistent as it is in going after anything else that is worth while.

One of the greatest mistakes that many make in turning to chiropractic is lack of persistence in following a course of adjustments until the desired physical condition is obtained. Nature cannot be hurried. The physical changes in cartilage and ligaments must be advanced by regular adjustments and the patient must co-operate with persistence. The reward is health.

By my Chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

Write for the B. C. H. S. Booklet.

**ADMINISTRATOR'S SALE**  
GEORGIA—Bulloch County.  
By virtue of an order of the court of ordinary of said county, will be sold at public outcry, on the first Tuesday in April, 1927, at the court house in said county, between the usual hours of sale, the following real estate situated in Bulloch county and described as follows:

That certain tract or parcel of land situate, lying and being in the 1547th G. M. district of Bulloch county, Ga., containing eighty-four (84) acres, more or less, and bounded north by lands of W. M. Anderson, Sr., east by lands of L. H. Kennedy, south by lands of G. E. Hedges, said lands being more particularly described by a plat of the same recorded in the office of the clerk of Bulloch superior court, in book 64, page 11.

Terms of sale, cash. Said lands being sold as lands belonging to the G. W. Blake estate.

This March 5, 1927.  
**JOHN W. JONES,**  
Administrator of G. W. Blake.

**ADMINISTRATOR'S SALE**  
GEORGIA—Bulloch County.  
Under authority of an order of sale granted by the ordinary of said county on the first Monday in March, 1927, will, on the first Tuesday in April, 1927, within the legal hours of sale, before the court house of said county, Bulloch county, Georgia, sell at public outcry, to the highest bidder, for cash, the following described property of the estate of W. C. Street, deceased, to-wit:

The remainder interest in and to that certain tract or lot of land situate and being in the town of Register, 46th district, Bulloch county, Georgia, fronting on Main street with a distance of 99 feet and running back westward between parallel lines a depth or distance of 150 feet, being bounded north by the Methodist church lot, east by Main street, south by lands of L. I. Jones and west by lands of Robert Shuman, being known and designated as all of lot No. 50 and half of lot No. 37 of the F. P. Register lands, SUBJECT to the life interest of Mrs. Hannah Street therein. This March 5th, 1927.

C. C. DAUGHTERY,  
Administrator, W. C. Street's Estate.

**SHERIFF'S SALE**  
GEORGIA—Bulloch County.  
I will sell at public outcry, to the highest bidder, for cash, before the court house door in Statesboro, Ga., on the first Tuesday in April, 1927, within the legal hours of sale, the following described property levied on under one certain 500 f. issued from superior court of Bulloch county, Ga., in favor of Horace Hagin and G. E. Lee, administrators estate of Dock Hagin, against Maggie A. Hagin, levied on as the property of Maggie A. Hagin, to-wit:

All that certain lot, tract or parcel of land situate, lying and being in the forty-eighth (48) district G. M. of Bulloch county, Georgia, containing ninety-six (96) acres, more or less, according to a sub-division of the W. A. Hagin old place made by the direction of the administrators of the estate of Dock Hagin, deceased, the said tract being designated on the plat of the survey of said sub-division as tract No. 1, the same being bounded on the north by the lands of James Clark, and on the west by lands of Hedges brothers and Sam Hendrix.

Notice of levy given said Maggie A. Hagin as required by law.  
Levy made by L. M. Mallard, deputy sheriff, and turned over to me for advertisement and sale in terms of the law.

This 9th day of March, 1927.  
**B. T. MALLARD,**  
Sheriff, Bulloch Co., Ga.

# Ford

## TODAY'S FORD CAR

BEFORE YOU BUY ANY MAKE OF AUTOMOBILE—  
LET US SHOW YOU TODAY'S FORD CAR!

You may consider that you know the Ford Car. You may have been a Ford owner for years and think you are familiar with the splendid satisfaction which the Ford gives, and yet unless you have made it a point to examine the Ford car as it is BUILT TODAY—to drive it and note its improved engine performance and experience the increased comfort which it affords, and to learn of the many recent improvements, you do not know the Ford as it is built today.

Many of the new Ford Car features are obvious—Balloon tire equipment, wire wheels, pyroxylin finish, a choice of colors, improved upholstery, etc. But the big satisfaction to you as the owner of today's Ford Car is to be found in the way in which it will fulfill your expectations of what a modern motor car should be.

You will be amazed at the increased power resulting from the New Vaporizer, the smoother engine operation, the increased gasoline mileage, the improved riding qualities, and above all, the way in which the car handles and performs in traffic and on the open road.

You must drive a New Ford Car to be a fair judge of present-day motor car values.

We invite you to inspect and ride in Today's Ford Car.

Chief Frosser requests announcement that the time set out at hand for the payment of dog tax in Statesboro. All persons who own dogs, no matter what kind nor what size, are expected to procure a tag and pay the tax. See the policemen and avoid a visit from the dog catcher.

**PRIVATE SALE**  
Will be sold at the old B. T. Beasley place in the 40th district on Monday, March 21st, the old home place, the Walker lands and the Woods lands, all situated in the 40th district. **D. C. BEASLEY, Manager.** (10mar26)

**HURT STEPPING FROM AUTOMOBILE**  
Able to go to work next day after simple home treatment

As William H. Arvey of Rutland, Vermont, stepped from his car about three o'clock in the afternoon, his left foot felt sore, and by five o'clock he could not step on it.

"I sent for a bottle of Sloan's Liniment," he writes, "and bathed my foot every half hour. At ten-thirty, I could step on it and walk, and the next morning I went back to work."

Active people everywhere tell of numerous instances of the amazingly quick and complete relief that Sloan's Liniment gives to sprains, wrenches, bruises—in fact every kind of muscular pain.

It doesn't just deaden the nerves. By speeding up the circulation, it builds the body to throw off the cause of the pain.

Get a bottle today and have it on hand. All druggists—35 cents.

MILITARY TRAINING CAMP  
INVITES STRONG YOUNG MEN

Fort Moultrie, S. C., March 7.—The Citizens' Military Training Camp, to be held at Fort Moultrie from June 15 to July 14, promises to be the finest yet held in this section of the United States. Located as it is on Sullivan's Island, directly facing the ocean, Fort Moultrie's climate compares favorably with that of the best and most expensive summer resort anywhere. The present army post, while a modern coast defense installation, has retained the old brick foundation dating back to 1811, and there are numerous points of historical interest surrounding the scene of the training of the armed youth of the South Carolina Georgians and Floridians at Charleston's army post this summer.

## 50 bushels Wheat per acre instead of 9 or 10—

IN GEORGIA the state average yield of wheat is only 9 to 10 bushels per acre. But Mr. J. O. M. Smith, of Commerce, reaped as high as 50 bushels to the acre.

Between September 1 and October 15, Mr. Smith planted pure-bred seed and at seeding time he applied 400 lbs. of acid phosphate.

Then, in early Spring, he top-dressed with Arcadian Sulphate of Ammonia at the rate of 100 lbs. per acre.

The result? From 90 acres, Mr. Smith harvested 3,384 bushels of wheat—from one 8-acre field he threshed as high as 400 bushels of wheat at the rate of 50 bushels per acre.

Proof enough that wheat pays big in the South when properly fertilized with Arcadian Sulphate of Ammonia.

Let us send you free booklets telling you more about Arcadian Sulphate—just mail the coupon.

## QUALITY PRODUCTION WIDENS PROFIT MARGIN

(Prepared by Wade H. Ramsey, Development Agent, Seaboard Air Line Railway Co., Savannah, Ga.)

Statistics released by the United States Department of Agriculture indicate that there is no impending calamity confronting the agricultural industries as a whole in the United States today. In spite of occasional depressions in restricted areas, there has been a fairly consistent increase during the last few years in net return on capital invested in agriculture. For example, the crop year 1920-21 showed a net return on capital invested in agriculture of .6 of 1%. In 1922-23 the returns had increased to 3.1% and by 1925-26 the figures stood at 4.6%.

This analysis would indicate an increasing prosperity for the people, as a group, who are engaged in this industry but further observation will reveal the fact that some individuals are realizing much larger returns than others. Individually plays a large part in determining whether a given individual will be classified among the successful, the mediocre or the failures. Furthermore, it is difficult to enumerate the positive limiting factors in any specific phase of agriculture. The physical condition and properties of the soil, the prevailing climatic conditions, seasonal sequence, marketing facilities, supply and demand, cost of production and many other factors must be considered. It is impossible to alter some of these factors but in some cases the handicap can be made less difficult.

Much could be said about each of the factors mentioned above, but I shall only briefly point out the last factor mentioned; namely, the cost of production.

In a recent article I discussed the merits of larger production per unit. A larger yield per acre, other conditions being normal, will usually result in a reduction of the cost of production and thereby widen the margin of profit for the grower. Similarly the production of a better quality of produce will reflect added profit to the grower. For example, the wheat grower of the west receives a premium for wheat which analyses high in protein content. In 1925 the tobacco growers in Georgia produced 49,000,000 pounds of tobacco and marketed same for \$7,000,000. In 1926 the production had dropped to 40,000,000 pounds where the value of the crop had increased to \$9,500,000. The Georgia tobacco experts tell us that this decided difference in the market value of the crop was because the Georgia farmers grew a better quality of tobacco than in 1925. In 1925 the average price per pound was 14.3 cents as compared with 23.7 cents in 1926. It has been estimated that a cow producing 3,000 pounds of milk each year will realize \$31.00 net for the owner. As a comparison, it is estimated that an animal giving 9,000 pounds of milk annually will bring to the owner a net profit of \$138.00. Such being the case it would be more profitable for a dairyman to keep 12 of the high yielding type rather than 50 of the low yielding animals, since it would require infinitely more to feed and care for the larger number of low producers.

The figures mentioned above may not be correct in every sense of the word, but they forcibly illustrate the point that there is a premium to be realized on quality produce. With an ever increasing population and a limited acreage of lands adapted to agriculture, there should be a fairly consistent demand for products of the highest quality. In attempting to overcome some of the hardships of the industry the farmer might keep this point in mind.

## The PUBLIC enthusiastically ENDORSES DODGE BROTHERS Latest Improvements

Study these improvements carefully. Notice how basic they are—how each definitely contributes to the value and desirability of Dodge Brothers Motor Car. And remember—they are IN ADDITION to the new chrome vanadium five-bearing crankshaft, excellent new starting and lighting system and many other improvements recently announced:

A New Clutch—Simple, Prompt, Sure and Silent  
Softer Pedal Action  
Easier Gear Shifting  
Greater Steering Ease  
New Body Lines—smart and graceful  
New Color Combinations of Striking Beauty  
Still Sturdier Bodies  
Seats Re-designed for even greater comfort  
More Rigid Engine Mountings—providing still smoother motor performance  
Improved Propeller Shaft, Differential and Axle Shaft—creating greater sturdiness and dependability  
And many other Smart New Refinements of Detail

The effect of these improvements is striking and definite. Smartness, sturdiness, silence and engine performance are brought to a new point of perfection. Buyers are outspoken in their enthusiasm. Investigate for yourself at the earliest opportunity.

FOR SALE—One 1926 model Essex coach, 8 x cylinder, in splendid condition; will sell cheap for cash. I have two, you can take your choice—only one for sale. W. R. NORMAN, (3mar17p)

STRAYED—Black and white spotted sow, weighing about 150 pounds, one ear torn nearly off, crippled in right hind leg. Finder notify G. A. LEWIS, Groveland, Ga., Route 1. (17feb27p)

A quart of POLARINE in time  
will save the cost of nine

WE never miss the oil till the crank-case runs dry—but Oh,—how we miss it then! Millions of dollars are paid out annually in repair bills because somebody "ran out of oil." The perfect performance of your motor requires plenty of good oil. Have your crank-case filled with POLARINE—the high-grade, heat-resisting motor oil. You'll save on repair bills; your motor will run smoother and longer.

STANDARD OIL COMPANY  
INCORPORATED IN KENTUCKY

POLARINE  
Oils and Greases

CROWN GASOLINE  
Is the most popular motor-fuel, year in and year out. Sustained popularity is proof of quality. Always first because it's "Always Better." Easy start—quick pick-up—more mileage.

1927 Auto Road Maps of Alabama, Florida, Georgia, Kentucky and Mississippi can be had at any STANDARD OIL COMPANY (Kentucky) Service Station free of charge

Here is Your Chance of a Life Time. Economy is the Watch Word of the Day.  
You Owe it to Yourself to Save Dollars.

# SELIGMAN'S CASH-RAISING SALE

Beginning Friday, March 11th, at 9 A. M.  
And Lasting for Ten Days Only. Come One, Come All!

POSITIVELY EVERY ARTICLE IN THIS BIG STOCK OF MERCHANDISE IS INCLUDED IN THIS CUT PRICE EVENT—NOTHING RESERVED. LOTS AND LOTS OF SPRING MERCHANDISE, BESIDES THE GOOD STAPLE EVERY-DAY THINGS YOU MUST HAVE. WE HAVE DECIDED TO MAKE THESE TEN DAYS COUNT AND COUNT BIG; AND TO DO THIS WE HAVE CUT PRICES UNTIL IT ALMOST SEEMS IMPOSSIBLE TO SELL THIS HIGH-GRADE MERCHANDISE AT SUCH LOW FIGURES. BUT WE MUST HAVE THE CASH, AND HAVE IT QUICK, SO LOOK THESE FIGURES OVER AND BE CONVINCED. THOUSANDS AND THOUSANDS OF ARTICLES JUST AS GOOD—THESE ARE ONLY A FEW.

**NOTICE OF BOND ELECTION**  
**GEORGIA—Bulluch County.**  
 To the Qualified Voters of the Ogeechee Consolidated School District of said County.

Notice is hereby given that Tuesday, April 12, 1927, an election will be held by the qualified electors of the 48th G. M. district of Bulluch county, Georgia, located within the Ogeechee Consolidated School District, within the legal hours for holding such elections, for the purpose of determining whether or not a bond of \$144,000.00, in fourteenth thousand dollars (\$14,000.00) shall be issued for the purpose of building and equipping a new school building for the Ogeechee Consolidated School District, of Bulluch county, Georgia, said bond to be payable in four equal installments of \$3,600.00 each, in the number of years (500.00) to run, to be numbered 1, 2, 3, 4 and 5, to be due and payable on or before May 10, 1927, to bear interest from the date of the election at the rate of 6% per annum, and the principal of said bond to be paid in full, mature and be paid off as the principal of said bond shall mature in 1928, and the remaining twenty-one years, in numerical order, on or before May 10, 1949.

yearly list of each year's graduates. The school has been in existence for twenty-seven years, so that the whole amount of principal will have been paid off Jan. 1, 1928.

Not but registered qualified voters of said consolidated school district are hereby notified to appear at said election, and the ballots cast may have been written or printed thereon "For School House or for the State." Those who are casting the former to be counted as voting in favor of the issue of said bonds, and those casting the latter to be counted as voting against the same.

By order of the Board of Trustees of the Greer County Consolidated School District.

This March 6th, 1927.  
JAMES H. HARRIS, Chairman.  
JAMES CLARK, Trustee.  
GEORGE M. Miller, Trustee  
(10mar6c)

**CITATION.**  
**GEORGIA B. BULLOCK.**  
W. C. Parker, executor upon the estate of T. J. Cobb, late of said county, do hereby certify that said Georgia B. Bullock is entitled to be allowed to resign said trust, this is to cite W. E. McDowd

Whereas, Waldo E. Floyd, then administrator of the estate of E. Floyd, deceased, represented to the court that he had been informed by the executor and the beneficiaries of the estate of E. Floyd, deceased, that they had agreed to carry out said trust and to allow said resignation to be granted and W. E. McDougald to carry out said trust until the 8th day of March, 1937.
